

A Wild Space is a habitat for butterflies and moths. It provides food for adult butterflies/moths and their caterpillars, and shelter so they can hide away and keep safe.

**What would your Wild Space look like? Draw a picture of it here:**

A large, empty rectangular box with a dashed border, intended for drawing a Wild Space. A dashed line extends from the right side of this box to a thought bubble on the right. The thought bubble contains the text 'Why are Wild Spaces important?'.

Why are Wild Spaces important?

**For more ideas and information visit [www.wild-spaces.co.uk](http://www.wild-spaces.co.uk)**

Butterfly Conservation is a charity registered in England and Wales (254937) and in Scotland (SC039268).
